what type of engine does a 1994 acura integra ls have ...

umm its VTEC not vtech or v-tech. anyway you can simply just go LS/VTEC. take the bottom end of an LS and get a Head with VTEC such as a B16, B18C1 OR B18C5 ect. then get a ECU for that head along with the engine harness. or you can just get an other engine that has VTEC and put it in as most engines will fit into our integra, or you can buy a new integra.
