The financial condition of the government's bedrock retirement programs for middle- and working-class Americans remains shaky, with Medicare pointed toward insolvency by 2026, according to a report Monday by the government's overseers of Medicare and Social Security. It paints a sobering picture of the programs, though it's relatively unchanged from last year's update.

Report: Medicare Insolvent by 2026, Social Security by 2035

Medicare and Medicaid are two of the most popular government benefit programs. They secure the health of the poor, the disabled, and the retired by encouraging physicians to provide easy access to their practice for those who are covered. Medicare and Medicaid are also two of the most expensive government programs ever devised, and they are drifting toward insolvency.
