Ajax® Integral & Ajax Separable Compressors | Cooper ...
In 1958, the first Ajax integral engine / compressor was manufactured and was specifically designed for field gas gathering applications. It was a DPC 230 and was soon followed by a complete line of Ajax integral engine-compressors from 30-360 horsepower. In 1963, the company was bought by the Cooper Cameron Corporation (now Cameron).

Ajax Engines - Wikipedia
Ajax design features include a power stroke every revolution, slow speed, low BMEP and port scavenging. Automatic lubricator force feeds lubrication to power cylinders. Oil level gauge, automatic fill valve and low oil level shutdown are standard. Heavy-duty governor provides constant speed operation.
