Behavioral Consultation and Primary Care

Behavioral Consultation and Primary Care is a "have-to-have" text for any graduate or medical school student and a necessary desk-top reference for primary care providers, administrators, nurses and behavioral health consultants looking to achieve the Triple Aim of simultaneously enhancing the experience and outcomes of the patient, reducing per capita cost of care, and improving the health of the population they serve.

Behavioral Consultation and Primary Care: A Guide to ...

The Primary Care Behavioral Health (PCBH) model is fast emerging as the future of integration between mental health and primary care services. As the first book to detail the model, Behavioral Consultation and Primary Care: A Guide to Integrating Services explains in hands-on terms how to achieve truly integrated care.

Behavioral Consultation and Primary Care: A Guide to ...

Called Primary Care Behavioral Health (PCBH) this model of care involves delivery of Behavioral Health Consultant (BHC) services in a PC clinic and differs in many respects from traditional MH care. It is also designed to change the way PC is conducted. As noted by Strosahl (1998), an early developer and proponent of the PCBH model, this model is best considered as a form of health care rather than mental health care.
