Bodies Susie Orbach

In Bodies, Susie Orbach, best known for her continuous thread of psychoanalytic discussion of the body particularly as rooted in eating disorders and feminism, offers up a broader discussion of bodies in our time.

Bodies by Susie Orbach - Goodreads

Orbach delves into the touchy subject of commercial exploitation of "the body" and explores how modern culture is eroding individual appreciation of the unaltered human form. She uses specific case studies from her own practice to show the long-term effects that can result from body dissatisfaction.

"Fat is a Feminist Issue" by Susie Orbach • The Weight Debate

Orbach explains how as a result of this never-ending battle, "the body has become a casing for fantasy rather than a place from which to live." The solution for this dis-embodiment, she suggests, lies in "engaging with the difficulties that our bodies present to us at a psychological, personal, and social level."

Confer - Disordered Eating

Orbach explains how as a result of this never-ending battle, "the body has become a casing for fantasy rather than a place from which to live." The solution for this dis-embodiment, she suggests, lies in "engaging with the difficulties that our bodies present to us at a psychological, personal, and social level."

Bodies (Big Ideas) by Susie Orbach (2010-01-07): Susie ...

In her new book the English psychotherapist Susie Orbach calls for a rethink of how we relate to our bodies. Western anxiety about obesity, she argues, both masks and legitimises a more pressing and widespread epidemic: "body dis-ease". According to Orbach, the body has moved to the centre of our search for contentment and personal identity.
