There is simply no comparison. The Series II is good for vocals, Jazz, Classical and the like. The Series III improves on this and sounds better on rock, pop and music with more bass. Of course none of these speakers can compare to the Bose Companion 3. The dedicated sub-woofer of the Companion 3 is orders of magnitude better in bass response, and the two satellite speakers has better high end as well. Design wise it is very similar to the Series II with the same ports and controls, except ...
