subsequent to any devices to read.

Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Brockwell Time Series Solutions

This document contains solutions to selected problems in Peter J. Brockwell and Richard A. Davis, Introduction to Time Series and Fore-casting, 2nd Edition, Springer New York, 2002. We provide solutions to most of the problems in the book that are not computer exercises. That is, you will not need a computer to solve these problems. We en-
