manufacturing: Since about 1970 there has been a growing trend

in manufacturing firms toward the use of computers to perform

many of the functions related to design and production. The

technology associated with this trend is called

CAD/CAM, for computer-aided design and computer-aided

manufacturing.

Download Ebook Computer Integrated

Automation - Computer- integrated manufacturing | Britannica

Computer-integrated manufacturing is used in automotive, aviation, space, and ship building industries. The term "computer-integrated manufacturing" is both a method of manufacturing and the name of a computer-
