Metabolism

Endocrine
Manifestations Of
Systemic Disease

The symptoms of an endocrine disorder vary widely and depend on the specific gland involved.

However, most people with endocrine disease complain of fatigue and weakness.

**Autoimmune
Diseases ...**
The human eye, as an organ, can offer critical clues to the diagnosis of various systemic illnesses. Ocular

changes are common in various endocrine disorders such as diabetes mellitus and Graves' disease.

However there exist a large number of lesser known endocrine
