Error Analysis and Interlanguage by Stephen Pit Corder

A key finding of error analysis has been that many learner errors are produced by learners making faulty inferences about the rules of the new language. After all, variability still remains a challenge to descriptive linguistics as well, and CA can only be as good as the description on which it is based.

CORDER ERROR ANALYSIS AND INTERLANGUAGE PDF

TWO OBJECTS OF EA According to Corder (1974) error analysis has two objects: one theoretical and another applied. □ The theoretical object deals with what and how a learner learns when he studies a second language.' □ The applied object enables the learner 'to learn more efficiently by manipulating knowledge of his vernacular for academic purposes'. 9

Error analysis and interlanguage (Book, 1981) [WorldCat.org]

Interlanguage fossilization is a phenomenon of second language acquisition (SLA) in which second language learners turn linguistic features that are correct in their first language into permanent errors in the way they speak and write the new language. In other words, they develop and retain their own, personal linguistic system that is self-contained and different from both their first ...
