My own education philosophy statements are embodied within the Constructivism framework. Constructivism is a paradigm of learning that describes the process of knowledge formation. In constructivist learning, students learn actively rather than wait passively for the teacher to spoon-feed them with information (Ellison & Wu, 2008). ...

education – culture and civic education– was an art to be learned by each individual. 5 This is particularly strong in Plato's philosophy of education. He was the first to suggest equal education for men and women; based on their natural ability. He was perhaps influenced by the system of education developed in the south of Greece in ...

Plato's Philosophy of Education and the Common Core debate

Philosophy of education is the philosophical study of education and the problems surrounding it. The major point of discussion in philosophy of education is education, while the methods used are those of philosophy. This branch, similarly to philosophy of law or medicine, is usually out of the study programs in philosophy departments.
