Site Planning will be the new go-to book for those wishing to advance sustainable, ethical urban design and development without sacrificing crucial causes or value. It is a book that Kevin Lynch (who wrote the original edition more than fifty years ago) would be proud of.

Site Planning | The MIT Press

Kevin Andrew Lynch was an American urban planner and author. He is known for his work on the perceptual form of urban environments and was an early proponent of mental mapping. His most influential books include The Image of the City, a seminal work on the perceptual form of urban environments, and What Time is This Place?, which theorizes how the physical environment captures and refigures temporal processes. A student of architect Frank Lloyd Wright before training in city planning, Lynch spen

Kevin A. Lynch - Wikipedia

Site analysis is an element in site planning and design. Kevin A. Lynch, an urban planner developed an eight cycle step process of site design, in which the second step is site analysis 5. Site Planning Process The site design process is divided up into three phases Research Analysis Synthesis Above three phases are divided into the eight chronological steps in the design process.
