Plateau Penutian languages - Wikipedia

Hopi language, a North American Indian language of the Uto-Aztecan family, spoken by the Hopi people of northeastern Arizona. Hopi is of particular interest because of the way in which concepts of time and space are expressed in it: in its verb forms, for example, an event at a great distance from the speaker is characterized as having occurred in the distant past; the shorter the spatial ...

The Uto-Aztecan premolar (UAP) is a dental polymorphism characterized by an exaggerated distobuccal rotation of the paracone in combination with the presence of a fossa at the intersection of the distal occlusal ridge and distal marginal ridge of upper first premolars. This trait is important because, unlike other dental variants, it has been found exclusively in Native American populations.
